

*Tameika Isaac Devine*

CONTRACTURAL RIDER

We are so honored and excited to be teaming up with you to make your next event the best ever! Thank you for having us! To ensure everything goes smoothly for your event, here are a few items that will help us prepare for your event.

Tameika has been on stage thousands of times all across the country and is flexible and able to speak in just about any speaking environment you can imagine. But we have learned that a lot can be done with the room setup specifically to prepare it to receive the maximum benefit of her message.

If it's not too much to ask, we would love your assistance in accommodating as many of these requests as possible to literally "set the stage" in the best way possible so that your attendees get an experience they'll never forget.

- Tameika must be able to do a walk through and sound check at least 30 minutes (more if practical) before her presentation. This will ensure she is comfortable with the area and can be her best on stage.
- It's really important to please disallow servers of any kind from serving or clearing plates during Tameika's presentation.
- Tameika's microphone preference is as follows: countryman, lavalier, or wireless handheld. If there are less than 50 people in the audience a microphone isn't needed. Please note that is Tameika needs to run audio in her presentation, we will need to have sound available direct from her laptop if at all possible.
- If and when booking Tameika's hotel reservation please reserve a non-smoking, king bed, that is guaranteed for late arrival.

Truly, we are honored and humbled to have the opportunity to speak to your audience and assist you in creating an epic experience. Please let us know if you have any additional questions or if there is anything else we can be doing for you.

At Your Service,
